## Anne DUPUTIÉ

GEPV – Université Lille 1  
Cité Scientifique, bât SN2  
59650 Villeneuve d'Ascq cedex; France  
Phone: +333 20 43 49 91  
Email: [anne.duputie@ens-lyon.org](mailto:anne.duputie@ens-lyon.org)  
Webpage: <http://www.anne.duputie.free.fr>

31 years old  
Married, 2 kids

## PROFESSIONAL EXPERIENCE

### CURRENT POSITION

Sep 2013 - ...      Lecturer at University Lille 1  
Lab GEPV (Genetics and Evolution of Plant Populations)  
*Plant adaptations at range margins.*

### POST-DOCTORAL EXPERIENCE

May 12 – Aug 13      *Mechanistic and statistical modelling of species ranges: phenotypic plasticity, local adaptation and model robustness.* With I Chuine (CEFE, Montpellier) and O Ronce (ISEM, Montpellier). Financing: French National Research Agency.

Feb 10 – May 12      *Evolution of tree species ranges under climate change.* With M Kirkpatrick (UTexas Austin) and I Chuine (CEFE Montpellier). Financing: Marie Curie IOF.

Feb 09 – Jan 10      *Modelling life-history trait evolution on a shifting environmental gradient.* With M Kirkpatrick (UTexas Austin). Financing: AXA Research Fund.

### EDUCATION

2004-2008      **PhD**, University Montpellier II, with D McKey. *From the radiation of Manihot in a biodiversity hotspot to the domestication of cassava.*

2003-2004      **Master 2** (M.Sc.) in Evolutionary Biology & Ecology (Univ. Montpellier II, France), with D McKey & P David. *Study of a putative hybrid zone between cassava (Manihot esculenta Crantz) and a wild relative in French Guiana.*

2001-2003      **Magistère Biologie Moléculaire et Cellulaire** (Ecole Normale Supérieure, Lyons, France). Optional course: Population biology. Erasmus programme: 6 months at U Roma 1 (Italy); 5-month training period with E Capanna & M Corti : *Molecular and caryotypic diversification of the genus Acomys in Tanzania.*

1999-2001      Preparatory years for the nationwide competitive examination to the “Grandes Ecoles” (Lycée Camille Guérin, Poitiers, France).

### TEACHING EXPERIENCE

2013-...      Lecturer at University Lille 1.  
Ecology and Evolution (would-be teachers)  
Plant Biology (L1)  
Biodiversity (L3)  
Community Ecology (L3)

2005-2008      **Teaching assistant at University Montpellier II.**  
Human ecology and biocultural interactions (M1, 36 h over two years)  
Introduction to organisms biology (L1, 180 h practicals, 30 h tutorial over three years)  
Reproduction biology (L1, 21 h)  
Development biology (L1, 33 h)

## Animal evolution (L3, 13 h)

**STUDENT CO-SUPERVISION**

- 2006 Léa Ménard, M1 BGAE, U Montpellier II (UMII). *Comparative biomechanics of two Manihot species.* With D McKey.
- 2006 Clément Lermyte, M2 EMTS, MNHN/Paris 7. *Hybridization between wild and cultivated cassava : the role of cultivators.* With D McKey
- 2007 Gilles Grisard, post-BSc, U Montpellier II. *Ecological trade-offs in the germination syndrome of Manihot species.* With D Renard.
- 2011 Paul Wennekes, M1 MEME, U Montpellier II. *The domestication history of sweet potato.* With C Roullier.
- 2012 Alexis Rutschmann, M2 BEE, U Montpellier II. *Importance of phenotypic plasticity in shaping species' niches - A simulation study.* With I Chuine.

**SKILLS**

**Molecular biology:** DNA and RNA extraction, PCR and RT-PCR, sequencing, SSR genotyping, expression patterns.

**Field work:** cartography, *in natura* sampling (tropical areas), trait measurement (field/greenhouse), participatory observation and sampling.

**Software:** **population biology** (e.g. Arlequin, FSTAT, Genepop, Genetix, Structure, Spagedi ...), **sequence analysis** (Codon Code Aligner, Sequencher, Staden, Clustal ...), **phylogeny** (alignment, tree reconstruction, molecular clocks, ancestral character reconstruction) ; **formal calculation software** (Mathematica); **GIS** (ArcGIS, QGis); **programming** bases in Delphi; **statistics, GIS and programming in R.**

**Languages:** French, English (fluent); Portuguese, Italian, German.

**SCIENTIFIC ACTIVITIES**

Member of the *Ecological Society of America*, *European Society for Evolutionary Biology*, and of the *Société Française d'Ecologie*.

Reviewing activity for: *Acta Agriculturae Scandinavica*, *African Journal of Biotechnology*, *Canadian Journal of Forest Research*, *Diversity & Distibutions*, *Ecography*, *Ecological Modelling*, *Genetica*, *Global Ecology and Biogeography*, *Journal of Biogeography*, *Journal of Plant Breeding and Crop Science*, *Molecular Ecology*, *Proceedings of the Royal Society B*.
